BEST SHOW I HAVE EVER SEEN! I have always been an avid WWE fan, so, when I heard Extreme Midget Wrestling was coming to town, I had to go. Listen, these little guys bring just as much action as the big guys do! These guys are incredible, I know one wrestler was no more than 3 ft tall and back flipped off an 8 foot ladder and toppled 3 of the of the other midget wrestlers... JUST AMAZING!

—Frank Roberts - Dallas, Texas

It was a unique, shocking and entertaining experience that everybody needs to see at the live setting. The show provided the fans with an intimate and up-close experience to watch this memorable event, and there was nothing else like it. Extreme Midget Wrestling garners two thumbs up.
